

# Go Beyond ERP with Formezy EAP

## AI-POWERED OPERATIONAL PLATFORM FOR Smart Businesses

Unify workflows, approvals, communication, visibility, and execution into one connected system designed for modern finance operations.

### BUILT FOR HIGH-CONTROL FINANCE ENVIRONMENTS

- Delayed approvals
- Compliance risks
- Document dependency
- Operational silos
- Execution gaps
- Limited visibility
- Slow decision-making
- Accountability challenges

### MOVE BEYOND TRADITIONAL ERP FORMEZY HELPS FINANCE TEAMS...

- Digitize operational workflows
- Improve execution visibility
- Standardize approvals and compliance
- Track accountability in real time
- Connect communication and operations
- Reduce manual coordination

### ASKEZY INTELLIGENCE Get Answers. Stay Updated.

AskEzy helps teams at the workplace access operational information instantly, without navigating reports, workflows, or multiple systems.

### With AskEzy, teams can:

- Summarize reports instantly
- Track approvals and escalations
- Receive reminders and operational updates
- Get contextual answers across workflows
- Improve visibility across teams and processes
